APPLICATION
Successful conviction comes with thorough and accurate investigation. Many times, the HGN portion of the SFST is done incorrectly, which allows the defense to place reasonable doubt into the minds of the jury.

ACCURACY
NHTSA studies indicate that incorrectly administered HGN tests significantly decrease an officer’s ability to detect HGN clues. NHTSA guidelines in the HGN test are to ensure accuracy and accountability.

ACCOUNTABILITY
Innovatively conceived, the HGpeN implements patented technology that is fueled by NHTSA guidelines. Using the HGpeN will take the guess work out of administering the HGN test correctly.
